<b>INSPECTION OFFICE/AGENCY</b> <b>G5</b>	<b>UNIT</b>	<b>INSPECTOR'S NAME &amp; PHONE NUMBER</b>			
<b>ITEM</b>			<b>YES</b>	<b>NO</b>	<b>NA</b>
<p><b>TASK:</b> Conduct Civil Military Operations</p> <p><b>CONDITIONS:</b> The Civil Military Operations (CMO) functional area encompasses all those activities that facilitate the integration of CMO into unit operations and plans. Medical CMO activities focus on the interface between our U.S. military health system and that of the civilian population. Units must plan for the medical impact displaced civilians (DC's) will have on the battlefield and must take measures to insure that a commander's legal and moral responsibilities toward civilians are clearly articulated and met. An effective unit CMO program ensures that that a designated CMO point of contact is designated and trained to insure CMO is considered in unit deployments, tactical exercises, operations orders and plans.</p>
